## North Country Winter

The New Year has arrived and with it the promise of a fresh start. It's the beginning of nature's cycle reminding us all that we can change, giving us a chance to do things differently and make our lives better. Start this year off right with a fresh outlook on the upcoming year. Don't be afraid of change, more often than not change spurs new and exciting things.

The days are slowly growing longer but not fast enough. January and February are months where people need to get out as much as possible to avoid what's known as "Cabin Fever" or "the Winter Blues".

Until the weather breaks and the days are longer it is easy to want to stay inside. In doing so people often experience a form of depression that's caused by a lack of sunshine and fresh air. The key is to get outside as much as possible.

Make plans to get out for some fun and exercise. MWR has many activities planned

for January to help combat the winter blues.

Skiers and snowboarders will find some of the finest slopes in the country nearby. Parks and Recreation offers discounted tickets to a number of the top slopes. Watch for the free ski days coming in February that the local ski slope, Dry Hill, offers the Fort Drum Community. Parks & Recreation will help you out with the necessary equipment for just \$5 per person, for the day and \$15 per family ( must be immediate family members). Tubing is also available at Dry Hill. It is recommended that you reserve your ski or snowboard package early to avoid long lines at the check-out counters.

Every Tuesday, beginning Jan 11th, meet at Parks & Recreation for cross country skiing and lunch for \$8.50. This fee includes equipment and a hot lunch. The P & R Staff will fit you for rental skis, give you a lesson, and guide you through the trails on the North side of post. These sports offer a great cardiovascular workout while offering the

opportunity to enjoy the beautiful North Country covered in a blanket of snow. (See details on page 8 for all of Parks and Recreation winter activities).

When the weather is too severe to be outside there are many activities going on in the Arts and Crafts building. Classes are being offered for Pottery, Sewing, Quilting, Knitting, Woodworking, Painting, and Jewelry to help fill the many hours spent indoors. Details on these classes and others may be found on page 9. The Pine Plains Satellite Gym located in the Arts & Crafts building and the Magrath Sports Complex are always available for that much needed exercise during the winter months.

The North Country offers a number of winter activities to keep you busy. Whether you are a beginner or experienced downhill skier, snowboarder, sledder or ice skater this is the time and the place for you. No matter what winter activities you choose the important thing is to get out and stay active during the winter months.
